

Hi Students!

Congratulations to those of you who won awards from the afternoon judging (by Professional Societies and Intel ISEF affiliates) at the 2019 Greater San Diego Science & Engineering Fair!

I have already shared all your contact information with the professional societies. If you were present on Sunday to pick up your project, you should have also picked up an envelope with a version of this letter, and a full set of the contact information that we had in our database. If you need to make corrections, or if you have moved since then and are still waiting to hear from one or more groups, you can update your contact information at <https://goo.gl/forms/iWh9iUavfaFlzMrH3>

You may be asking yourself: ***“If I am an award winner, where’s my prize?”*** The vast majority of the awards are given directly to winners ***after*** the fair. Professional Societies may invite you to an event, mail you an award, or send something to your school’s award ceremony at the end of the school year. An award could be anything from a book or newsletter to a bond, gift card, or check. Monetary values vary widely. If you are an “Honorable Mention,” your award is most likely to be a certificate of recognition. For more details about specific awards’ criteria and awards, please visit the GSDSEF website.

The awarding groups have been told *they **MUST** contact you no later than 30 April, 2019.* If you have not heard from **all** your awarding groups **by the 1<sup>st</sup> of May**, please e-mail me at [AdinaSobo@gmail.com](mailto:AdinaSobo@gmail.com). In your e-mail, please be very specific – include your Booth Number, your name, and which group(s) you have not heard from.

Sincerely,

*Adina Sobo*
