

Join the Science Fair Honor Society: The Student Advisory Board!

The Student Advisory Board (SAB) is the GSDSEF's Honor Society. SAB students are crucial to the success of each year's Fair and joining allows students access to several opportunities.

SAB members receive recognition for their accomplishments in Science Fair and other related competitions and are part of a fellowship of students who are dedicated to science, engineering, and above all, FUN!

Being in SAB opens doors to networking opportunities among students, teachers, and professionals and it is great on college applications.

SAB holds their own regular planning meetings, assists at GSDSEF screening fairs, help to plan and operate the annual GSDSEF Fair, assists younger students in project development, and get to know fellow students from around San Diego and Imperial Counties.

Students who exhibit at least twice in the GSDSEF (one time as a Senior Division student), or have been recommended by a teacher may be invited to apply. Remember though, that being in SAB requires an active commitment from each student to regularly attend meetings and other SAB activities.

for more information on joining the Student Advisory Board please contact Mary Mikkelson at mary@gsdsef.org or Shirley Miranda at shirley@gsdsef.org

for more information on the Greater San Diego Science and Engineering Fair please visit www.gsdsef.org!
