

Help Assure the Future of Science Education!

Your tax deductible* contribution to the Greater San Diego Science and Engineering Fair (GSDSEF) is vital to the future of science education in our schools and communities.

Since 1955, the Greater San Diego Science and Engineering Fair has encouraged thousands of 7th-12th grade students from all schools within San Diego and Imperial counties to succeed in the fields of science, by providing them with a local science competition where they can showcase their work.

By sending a contribution to the GSDSEF, you will help to ensure the continued availability of this unparalleled opportunity for our young scientists.

The Science Fair encourages excellence in scientific literacy in earth, life and physical science, as well as mathematics, engineering and technology.

Why contribute?

- The GSDSEF provides a bridge between students and the local scientific, business and academic communities.
- Students are provided with opportunities for recognition and invaluable networking with local colleges and employers.
- The science fair provides scholarship opportunities both directly with our fair and in conjunction with other science fair programs.

Your contribution will be most appreciated. Thank you.

Questions?

If you have any questions about this program or your contribution, please contact us at: pr@gsdsef.org or Lynne Durkee at 858/453/3883.

Please visit us online at www.gsdsef.org. Make contributions payable to:

Greater San Diego Science and Engineering Fair
