

PROFESSIONAL HELP AVAILABLE

FOR STUDENTS DOING SCIENCE FAIR PROJECTS

The Project Advisor Committee of the Greater San Diego Science and Engineering Fair (GSDSEF) has developed a list of professionals who have volunteered to be available throughout the year for counseling students regarding their science fair projects. All areas of science and engineering are included.

These advisors are available to students who need help with their developed projects, be it latest information, technical help concerning equipment, availability of equipment, books or suggestions for expanding previous work. **THEY ARE NOT AVAILABLE TO STUDENTS SIMPLY LOOKING FOR PROJECT IDEAS.**

If you wish to be put in touch with an expert in your field of endeavor, contact:
