

Bringing STEM Research to Your 6-8 Classroom

How to get your students involved in the County STEM Research Fair—The GSDSEF

-For first-time 6-8 science/engineering fair teachers-- but all interested teachers are welcome!

Presented by

The Greater San Diego Science & Engineering Fair

**San Diego County Office of Education
6401 Linda Vista Rd. San Diego, CA 92111
Thursday, Sept. 19th, 2019
4:30-6:00pm
Room 402**

For the first time ever, 6th grade teachers and students are invited to participate in the iconic Greater San Diego Science and Engineering Fair!

Goal: Support Curiosity

Do you have curious and creative students? Do you want to integrate inquiry-based learning, NGSS, and math/literacy skills?

This workshop will discuss:

- How to get STEM research started— Including available resources
- How to integrate STEM Research into your existing NGSS curriculum
- GSDSEF Timelines and Guidelines
- Where to find Project Topics
- Benefits for Participation

Join the Fun!

Join the 120 County schools and 600+ students who participate each year in the GSDSEF. All teachers who have never had students participate in the GSDSEF are welcome to join us.

To register for the workshop, go to:

1. the GSDSEF Website-- gsdsef.org

OR

2. <https://forms.gle/rXwPhPtW51iamj7w5>

Since 1955 the Greater San Diego Science and Engineering Fair (GSDSEF) has provided an inspiring experience in science and engineering for over 35,000 San Diego and Imperial County student, inspiring them to pursue careers and take interest in science and engineering. This regional competition challenges students to go beyond the classroom by doing independent research, providing them with a transformational experience and memories for a lifetime.
