

Greater San Diego Science and Engineering Fair
Free Science Fair Workshop
2017-2018
Second in Series

For Students, Teachers, and Parents

Presented by the Student Advisory Board (SAB)

“Achieving Science Fair Success”

Workshop #2

“From Data Analysis to Display – Creating an Impact”

Now that you've started your science/engineering project, what's next???

Do you need advice on experimental design, analyzing data, putting together your notebook, or constructing your display?

We'll answer these questions and more! We'll also go over the NEW screening process to enter your project into the GSDSEF. Plus, you can check out sample science fair displays and notebooks from previous GSDSEF winners to ensure YOUR project is a success!

SIGN UP FOR WORKSHOP: [WORKSHOP #2](#) or go to gsdsef.org

Saturday, December 9, 2017

9 am – 11:30 am

San Diego County Office of Education

Room 401

6401 Linda Vista Road, San Diego, CA 92111

[Map/Directions](#) to SDCOE campus

If you have questions, please contact the SAB at gsdsefsab@gmail.com.
